

SUMMARY

Java-focused Software Engineer skilled in building backend and full-stack applications using **Java, Spring Boot, SQL, and AWS**. Skilled in developing RESTful APIs, database design, and cloud deployment. Built real-world applications including a mobile vacation planner app and RSVP system used by ~100 users. Former Starbucks Store Manager with strong execution, leadership, and problem-solving skills.

TECH SKILLS

Languages: Java, Python, JavaScript, TypeScript, SQL

Frameworks: Spring Boot, Angular

Databases: MySQL, SQLite (Room)

Cloud: AWS (Amplify, Lambda, Elastic Beanstalk, Simple Storage Service, Dynamo Database)

Tools: Git, IntelliJ, Maven, Postman, Docker

Concepts: REST APIs, Model-View-Controller, Object-Oriented Programming, Agile Methodology

PROJECTS

ReserveNow Booking System App — Java, Spring Boot, SQL (In Progress)

- Built RESTful APIs for listings and bookings. Implemented booking validation logic to prevent time conflicts.

AI Couples Finance & Budgeting App — AI, Full-Stack

- Developed and designed couples budgeting application using Claude, ChatGPT, and Rork for production.

Vacation Planner App — Java, Android, SQLite

- Built Android travel planner app with Room Database(SQLite) , Model-View-View Model, and XML UI.

Wedding RSVP Platform — HTML, CSS, JavaScript, AWS Amplify, Dynamo Database, Lambda

- Built and designed a Cloud-hosted RSVP website for ~100 guests with responsive UI & secure form logic.
-

EXPERIENCE

Starbucks Coffee Company — Los Angeles, CA

Store Manager (2022–2026) | Assistant Manager / Supervisor (2019–2022)

- Led & developed **30+ employees**, improving performance & operations
 - Optimized staffing using forecasting, labor efficiency tools, and created new store systems
 - Managed scheduling, hiring, coaching, and high-volume daily operations
-

EDUCATION & CERTIFICATIONS

B.S. Software Engineering, Western Governors University (2025)

B.S. Business Administration (Cum Laude), CSU Northridge (2021)

Certifications:

- AWS Cloud Practitioner & CompTIA Project+
- WGU Java Backend & Frontend Certs
- ITIL Foundation
